Prospective Weed Contract Bidders,

The State of Nebraska Department of Roads is taking bids for noxious weed control for the 2011 season in the 11 counties that make up the panhandle.

You can bid on more than one county and you can propose multiple bids at a lower rate if you so desire. If you opt to make multiple county bids at a lower rate please do so on the back of the bid form. Additional sheets or attachments will not be accepted.

There are several changes that bidders need to be aware of. The insurance requirements have changed so make sure that your bids reflect that change. There is also a section titled: New Employee Work Eligibility Status that must be followed.

Please carefully read the attached documents and comply with all the requirements. Failure to do so will cause us to exclude you from the process.

Good luck and thank you for taking the time to submit a bid.

Sincerely,

Chris O. Ford
District Operations and Maintenance Manager
